We’ve only begun to live

White lace and promises

A Kiss for Luck and we are on our way

We’ve only begun

Before the rising sun, we smile

So many roads to choose

We start out walking and learn to run

And yet we’ve just begun
Sharing horizons that are new to us  
Watching the signs along the way  
So get it over just the two of us

Working together day to day 
And when evening comes we smile

So much of life ahead  
We'll find a place where there's room to grow  
And yet we've just begun
With all the trouble and unrest in the world today, we, the yearbook staff of 1971, felt it would be appropriate to dedicate the '71 ECHO to PEACE. We hope that it will encourage some of the people in our community to work toward peace. We earnestly hope that in our lifetime we can say that we contributed to the peace and understanding of our fellow man.

At this time we wish to thank all our patrons who supported the 1971 yearbook through advertising. Without their help this publication would not have been possible.
Somebody up there just doesn’t like me

I’ve got it

How dare you call me that.

I’ll just take a little slice.

Boy, I’m on Cloud 9 now.

When you’re not you’re not.

Who’s the wise guy that mixed starch with my deodorant.
IN MEMORIAM

We would like to remember these fellow students of Dubois High School in our 1971 yearbook. We feel that they were great friends to all the students and very well liked by the faculty. Even though they are not with us, their memory echoes in the halls of D.H.S.
