When you enter the halls of Northeast Dubois High School, you know you are about to enter a world unlike any other. In our school we strive to rock the foundation of everything we do, and we do not stop until we succeed. A moment of rest? Rest is not a word even whispered in the halls of this school. We rock our lives from morning to night, from academics to sports, and from family to our social lives. We're rockin' the school and soon we'll be rockin' the world. So let's show the world that they need to get ready for the students from Northeast Dubois High School.

COOKS

Left to Right: Judy Beckman, Nancy Merkley, Joann Durchoz, Marlene Vonderheide
Mr. Betz, Nathan Schroering, and Bill Mattingly enjoyed working at a Butcher Shop most of the time, but there were tasks they didn't enjoy. Mr. Betz said "I did not enjoy slaughtering hogs" while Nathan and Bill agree that cleaning out the grease trap is their worst job.

Mrs. Jacob said she had to scrub the baseboards with a big toothbrush while working at the Jasper Cinemas, but today they help scrub much more disgusting places. Krista Mehringer has had to help clean the bathrooms and Kainie had to clean up after a drunk man puked.

While Ms. Brames only lasted one summer at Holiday Foods because she "really didn't enjoy the job," many of our students working there now started when they were 15 and are still working there. Jill Reckelhoff said the worst thing she had to do there was "clean up a massive Big Red spill!"

Mrs. Boe格林 said she often complained of boredom while working at holiday world, but Ben Bredhold has experienced more exciting events there.

"The worst thing I had to deal with was when someone got electrocuted in my stand. It was sort of funny because everybody was okay, but very stressed out."

Dubois vs Jamaica

Final Score

4 - 2

On May 3rd, 2008, current and former players of the Northeast Dubois Soccer Team excepted a challenge from a group of Jamaican soccer players of French Lick. Despite the fact that most of them were old enough to be their rival’s dads, the Jamaican team put up a tough fight and pressured Dubois early. But Dubois weathered the storm, and managed to shut the Jamaicans out 3-0 in the first half. During the second half, the Jamaicans rallied to tie up the game 3-2, but Dubois halted their momentum by scoring in the final minutes to close the show.

Students participating in this event included: Seniors Lucas Hobson and Logan Ziegler, Juniors Jesse Wyatt, Grant Knies, Phil Seibert, Russell Mehringer, Zach Dorsey, and Freshman Aaron Ziegler.
Janis Dodd

Losing a friend is never easy, losing a close friend can seem almost unbearable. On February the 12th, 2008 we lost a very close friend in Janis Dodd.

Janis was more than just a long time employee of the school system. She was a close friend to many of the students and faculty of Northeast Dubois High School. Her daily presence in the office will be missed by the students and teachers alike. Her willingness to help others and to do things without even being asked were traits we all could appreciate.

Edna Buchanan once said "Friends are the family we choose for ourselves." Janis had a lot of family in her life and she will be missed dearly by all of us who were fortunate enough to be a member of that family.

Nature's first green gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.
So Eden sank to grief.
So dawn goes down to day.
Nothing gold can stay.

-What’s your favorite thing about baseball and why? My favorite thing about baseball is that it doesn’t always have to be pretty just effective.
-What is your number and why did you pick it? Number 11, I didn’t pick it, coach gave it to me my freshmen year.
-What has been your best game of your high school career so far? Throwing a 3 hit shut-out against Hauser in the first game of Semi-State. Or my no-hitter, its close.
-What’s your favorite memory about baseball? Beating South Central 18-2 in Regional.

Evan Hulsman
-What’s your favorite thing about baseball and why? I just love playing. It’s a team sport. Nobody can win by themselves. It’s a team effort.
-What is your number and why did you pick it? Number 19, my oldest brother wore it, so I figured I would too.
-What has been your best game of your high school career so far? Either the Heritage Hills game, Shakamak game, or Regionals last year.
-What’s your favorite memory about baseball? There are way too many to list. Forest Park last year or Semi-State last year would probably top the list.

Andrew Matheis
-What’s your favorite thing about baseball and why? It is unpredictable. Anything can happen at any given time and you have to be ready for it.
-What is your number and why did you pick it? Number 27, I picked it my freshman year because it was my favorite number left and I just kept it.
-What has been your best game of your high school career so far? The best game of my high school career was probably the 2007 Regional game against South Central. When I hit a pinch hit grand slam.
-What’s your favorite memory about baseball? My favorite memories about baseball are hitting a grand slam in regional and winning regional twice.

Some lessons stay with you.

From pre-school to high school, you're growing, learning and changing. And each step of the way, the lessons that last a lifetime are the ones that teach you teamwork, integrity, responsibility and community. Northeast Dubois High School is a great place to learn those values, and that's why Old National Bank is a proud supporter of NDHS students, faculty and activities.

You have been a steady influence for the many students that have passed through Northeast Dubois portals. CLOSING

So, the year has finally come to an end. Some of us are now awaiting are next treacherous year of high school while others are nervously waiting to jump into the real world. Whether you are one or the other we all had one thing in common this past year. We rocked our school from one thing to the next. The students of 2007-2008 rocked in everything from band, to academics, to sports. We did all of this with smiles on our faces to show that our class can do anything. We exceeded everyone's expectations and more. The class of 2007-2008 really did show the world that they need to be ready for us, because we are going to rock this world!
