TIMES are changing...

If you were to enter Northeast Dubois High School ten years ago, you would have entered a different place than it is today. Ten years ago, teachers still used chalkboards, the field house was not even thought of, and the original front steps still stood in their place. The band uniforms seemed more dorky, the soccer program was still gathering support, and sections of the gym floor were still being replaced from termite damage.

If you walk into Northeast Dubois High School today, one of the first things noticed is that some of the hallways are painted half blue and half white. Walking into a classroom, you may notice that most of the chalkboards have been replaced with dry-erase boards. Wondering into a computer lab, you would notice that the amount of computers has tripled. Running into the gym, you might notice that a once empty wall is now filled with an array of proud teams from the past ten years.

The school from ten years ago seems more like a school from a century ago. The names and faces might have changed, but the same school pride still remains yet today. This is Northeast Dubois High School, no matter how the times change.

The "Friends of the Arts" sponsored an auction with the proceeds going to fund art programs in the county. The High School art clubs were asked to decorate and "customize" a special tree. The theme of the NDHS Tree was a kitchen tree. Some students brought in antique kitchen utensils, old recipes, forks, knives, and spoons. We added unique items such as PEZ Dispensers, milk cartons, fake food, and etc. The trees were featured on the Christmas house tour. The Kitchen Tree was bought by a local physician.

"Thanks to all of the creative students and their hard work."—Mrs. Parr

How did you get some of your ideas for the Christmas Tree?

"We had to definitely use our imagination. For example, we used forks as garland. We also put different recipes on it as decoration."

The National Beta Club organization is a club that enforces achievements in academics. Each school year, members of the Beta Club must receive 3 service points. If Junior Beta members do not get the full 3 points, the points will transfer to the next school year. If Senior Beta members do not achieve the full points that are required to, they will not be allowed to graduate with Beta recognition (a gold sash). The club advisor is Mrs. Karen Terwiske. Some of the events that one can participate in to get the service points are the Septemberfest, National Beta Club Convention, Basketball Shoots, Cookie Dough Fundraiser, and the Adopt-A-Highway Cleanup. This is a wonderful club to strive to be in because it looks great on applications when applying to colleges.

Back to Life

The moment you see the unique costumes, the dark make-up, the shiny brass, and hear the click of the snare drum, you know that the Northeast Dubois Marching Jeeps are making their way to the field. This year, the Marching Jeeps took a different approach to their season. Instead of going for the ordinary, they went with the extraordinary. Performing music from four different Tim Burton films, they spooked their way to a Silver at Districts. Songs in the show included "Tales of the Crypt", "Spiderman", "Johanna" from the movie Sweeney Todd, and "Sally's Song" from The Nightmare Before Christmas. With 35 members, the Jeeps redeemed themselves this year by going above and beyond with costumes, practices, and support. It is no secret that after a season like this, the Marching Jeeps are Back To Life.

Was it TIME for another victory? The Northeast Dubois Spell Bowl team sure thought it was. Currently holding the state record for their four consecutive state titles, there is no doubt that our Spell Bowl team rocked in the past, the present, and—with a coach like Mrs. Himsel—the future as well! All five seniors on the team this season have been members all throughout high school—learning over 12,000 words. Each member generally learns 3,000 words a year—spelling only nine at each competition. Currently holding fifteen state titles and a Saturday feature in the Herald, TIME is not going to wear down this team anytime soon.

**Heritage Hills**- 80 words correct out of 90, 1st Place  
**Martinsville**- 79 words correct out of 90, 2nd Place  
**Blue Chip**- 79 words correct out of 90, 1st Place  
**State**- 86 words correct out of 90, 1st Place, 8 perfect spellers.

"The craziest word we had this year was probably tilllate, which means to tickle."

Dylan Wineinger (11)

"Spell Bowl is a lot of fun. We work really hard, but we also do our share of goofing off."

Candice Cornet (12)

"We go through the list of words so many times, that I'm sure I know all of the words and that I don't have to worry."

Chad Lee

Mr. Chad Lee has been the percussion director and a mentor to many NDHS band students for over 8 years. After playing tenors for 4 years as a student, Mr. Lee has all of the experience and advice needed to guide his students. Although his main priority is to teach and discipline his band, he also sees the importance of keeping close friendships with his students and putting that first. "Always remember that nothing comes easy, you have to work for what you want." A quote from a mentor who will be remembered for all of the help and inspiration he provided. A teacher that not only gives advice but teaches it too.

"At the beginning of our show there was a part where we talked among ourselves for show. We looked like we were having casual conversations, but we'd really be saying things like: 'Then Stephen freaked out because he didn't know they were real bullets.'"

Caleb Breitweiser (12)

"This year was my best and last year at Dubois. I'll really miss my band family."

Stephen Ffrench (9)

"This year was the best year ever! The band wasn't just a band, it was a family."

Mrs. Himsel

"TIME means
nothing to me."
Old TIMERS

Times may change, but appearance does not. Can you identify these teachers?

A.

B.

Mr. Burton

What are the differences from when you were a senior to the seniors in school now?

"I think that seniors now are more willing to take risks, which opens more doors for them. However, some seniors need to be careful on whose shoes they step on to get there."

Ms. Gogel

What differences have you noticed from 2000 to now in 2010?

"More expectations placed on students due to state requirements"

Mrs. Gutgsell

What is your favorite memory from high school?

"Singing and performing in the choir. The Show Choir would put on a type of musical each year along with individual acts. Students played instruments in a band as well. It was a lot of fun."

Mrs. Jacob

What did you get away with in high school that a student wouldn't be able to get away with now?

"We could smoke on campus. There was a dedicated area outside where we could have a smoke during lunch."

Mr. Hart

What high school did you graduate from?

"Don't hold it against me, but Valley."

Friends, Logan Borden, Zach Neukam, James Himself and Josh Dorsey, made a bet with Nathan Clark, also known as Earl, to grow his beard out for three months. Earl accepted the deal and from Christmas to Spring Break, he would grow out his beard and receive one hundred and ten dollars. Earl made it until Spring Break, and on that Friday, he shaved his beard in the High School parking lot with an electric shaver. Posters were put up in the halls to notify everyone when Earl was shaving. A crowd of students watched as Earl shaved three months' worth of hair off his face. Although Earl was called names such as Amish, Mountain Man, Grizzly Adams, Chewbacca and many more, he said it was worth every dollar.

Time to Shine

Eli Smith has grown up with a fishing pole in his hands. He has grown to be a avid fisherman, traveling and competing in many fishing tournaments in the state of Indiana and beyond with his father Shon. Some of the Pro Fishermen that Eli has been influenced by are Skeet Reese, Mike Ike, and Kevin Van Dam. The biggest influence of all to Eli has been his Dad. "He got me to the sport and taught me everything he knew. I wouldn't be as good today without him." - Eli Smith

"I have been fishing for as long as I can remember. I started fishing tournaments at eight years old and won my first tournament shortly after turning nine."

"My biggest fish I ever caught was a largemouth bass that was six pounds and ten ounces. I caught it while in a tournament."

"The farthest I've traveled for a fishing tournament was Hickory, North Carolina."

"I have won between $10,000 to $16,000."

My favorite rod and reel combo would be a Bass Pro Shops Pro Qualifier baitcaster on a Pro Qualifier Rod.

"My favorite place to fish is Patoka Lake for its quality of fish. Second to Patoka would be the Ohio River."

Eli was 2009 Rookie Angler of the Year and he placed 7th in the Points Race. He also placed 13th in the Classic. He is currently 2nd in the Indiana Bass Federation.

"In elementary school, a bunch of 3rd grade girls (including myself) were gathered around a tree. Our fellow classmate, AJ Brown, saw us gathered around there and decided to join us. I guess he was feeling a little too excited that day because when he arrived at our tree, he pulled his trousers down and showed us his manly parts. We all took off running because it was very scary."

Advice

"Always keep your grades, and go for your future goal. Never listen to drama, because it will distract you from school work. The most important thing is to always turn your homework in on time."
Shannon Roberts

"Be with your friends as much as possible, you'll regret not hanging out with them after you're in college and you never see them. You will miss them very much!"
Jessica Eckert

"Do not procrastinate and what we say is true, your friends will change, grades are harder to get, and procrastination means massive amounts of stress!"
Kylie Fromme

"My advice to younger students is to RESPECT the upperclassmen and especially the seniors. If you're nice to your upperclassmen, they will be nice to you."

Symbolic Cutting of the Winning Net

Back to Back Sectional Winners!!!
The sound of the squeaking sneakers on the gym floors, the basketballs bouncing, the screaming crowd, the blue and white fashion of die-hard Jeep fans; you know it's Sectional TIME! This is the second time that the Jeeps have won back to back Sectional titles, and there's no stopping them anytime soon.

How did TIME affect this years' season to you?

"The TIME each of us put into practice and playing TIME affected this years' season."
Blake Schultheis (11)

"TIME was key to this season's success. It was the TIME we practiced in the summer. It was the TIME we prepared in the fall. It was the TIME we fought in the winter, in order to succeed in the spring."

Wes Knies (11)

"Winning sectional our senior year was like completing a task that us seniors had been working on since we were in the 3rd or 4th grade."

Trevor Atkins (12)

"It's game TIME!"

From the Beginning...

Final Score

Jeeps 43  Blackhawks 45

The theme of Homecoming 2010 was Winter Wonderland. The backdrop was done once again by Mrs. Parr and the art class students. Music was provided by Lane Fraser and the dunk was made the right way by Austin Schulthies. Thanks to everyone for making this a night to remember.

...to the End
The dresses, the lights, the uptown attitude: of all of the things to remember from Prom 2010, the friends and the good times are the sweetest. Decorated with black, silver, and hot pink colors, Prom was the perfect image of an uptown night. Complete with a city skyline and a fountain, students had no trouble forgetting their worries and dancing the night away.

Everyday there is someone stepping into the Military Service to put their lives on the line for family, friends, love, hate, boredom, enthusiasm, or most importantly their country. Whether they’re 17 or 30, men or women everywhere are trying to make a difference. These particular young men and women are our brothers, sisters, aunts, uncles, cousins, friends, or just a classmate from the back woods of Dubois. Each one of them want to leave this little town to go over seas to try and accomplish one thing. Making their difference. They each have a different reason to why they are choosing to go, but we couldn’t thank them more for taking TIME to care, and protect our country. May God Bless them, and keep them safe during their TIME of making a difference; their difference.

“It proves that you are both mentally and physically prepared to protect and serve your country.” - Zack Underhill

“My advice is to do it. It will be the best decision of your life.” - Ben Knies

"The more you try to decide on the military, the harder it gets, and it becomes more stressful on you."
Alec Terwiske (12)

"I'll be looking forward to the challenge."
Jarred Keller (12)
U.S. Air Force

"Hahaha, I'm kind of nervous about the whole thing. I'm just looking forward to when, if I do, graduating with the rest of my team and the pride that comes with it. I'm not looking forward to being away for awhile and not knowing where I might go. TIME will tell."
Jeremy Nixon (11)
U.S. Army

"My advice is even if your parents completely disagree with it, just remember they're your parents, try to talk it out with them & let them know exactly why you want to do it. In the end, you just have to respect them because they love you and don't want you to lose you. And if your friends disagree, just like mine do, tell them that you do it because you like them don't have the guts on, just keep your head held high and stand up for what you believe in. Don't let other people discourage you because in the end, no one is better than you."
Kirsten Enlow (11)
U.S. Army

"I'm looking forward to the challenge it offers. I'm nervous about the things I don't know about, the unknown. The good thing is that everyone has that fear once in awhile."
Josh Nixon (11)
U.S. Army

"I want to bring honor to my family and feel like I'm doing something right, and I want self confidence and I want to be respected as a human."

If I had my son to raise all over again

I’d build self-esteem first, and the house later.
I’d finger-paint more, and point the finger less.
I would do less correcting and more connecting.
I’d take my eyes off my watch, and watch with my eyes.
I’d take more hikes and fly more kites.
I’d stop playing serious, and seriously play.
I’d do more hugging and less tugging.

As you can see, it was TIME to update our home economics room, with the help of the students from various classes.

The library was changed to an area that is more media friendly, making it a nice place to pass the TIME.

**TIME after TIME...**

Time after time, students walk through these hall, reuse textbooks and lockers, and a new set of seniors will rule the hallways. However the school year of 2009-2010, will be remembered as a year when "TIMES were a changin". From the newly remolded library to the newly remolded home economics room and from the changed final schedule to the early Friday schedule, one can see that TIMES are changing. Even though many changes were made this school year, the same school walls still remain.

The TIME has come for the students of Northeast Dubois to experience life and education in a whole new way. Seniors will go off to make major changes in the world, while the underclassmen stay to enjoy more TIME at Northeast Dubois High School. Time after Time, year after year, faces may change but the school spirit still stays the same. This is Northeast Dubois High School, no matter how the TIMES change.

Come gather 'round people
Wherever you roam
And admit that the waters
Around you have grown....

a-changin'
